

YMCA Autism Learning Center

Clippard Family YMCA

Applied Behavior Analysis Based Preschool

At the Autism Learning Center, our Board Certified Behavior Analysts create individualized treatment plans based on assessments, parent input, and your child's IEP. We collaborate with our on staff Speech and Language Pathologist and Occupational Therapist to implement goals indicated on the treatment plan. Using the principles of Applied Behavior Analysis, our Registered Behavior Technicians and Behavior Therapists work with your child in a one on one setting and within the natural environment.

Our center serves preschool aged children. We accept the Ohio Autism Scholarship, private pay and private insurance. A 2:1, child to staff ratio, Speech, Occupational, and Music therapy are offered through the scholarship. 1:1 ABA services are offered through private insurance. In-home ABA services are offered to individuals up to 21 years of age through private pay and private insurance.

Option 1: Insurance Only

- 1:1 time as indicated by insurance
- BCBA supervision, based on allotted treatment hours
- 1:1 hours for structured treatment sessions and Natural Environment Training
- Treatment plan based on child's individual behavioral and functional needs
- Parent payment based on co-payment, deductible, and out of pocket cost

Option 2: Ohio Autism Scholarship and Insurance

- 1:1 time as indicated by insurance and scholarship (if applicable)
- BCBA supervision, based on allotted treatment hours
- 1:1 hours for structured treatment sessions and Natural Environment Training individualized based on child's needs.
